Teacher's name: dr. Pécsinger Judit

Félév / Semester: 2023/24/1

Beszámolási forma /

Assesment: Vizsga

Tárgy heti óraszám /

Teaching hours(week): 4/0/0

Tárgy féléves óraszám /

Teaching hours(sem.): 0/0/0

OKTATÁS CÉLJA / AIM OF THE COURSE

The main goal of the subject is to give information about the types and characteristics of the environmental assessment (EA) and environmental management systems (EMS). To give insights about the developing and operating of the EA and EMS. By understanding the course material, the students will be able to perform tasks related to the introduction and operation of environmental assessment and environmental management systems. They will get information about the criteria of ethical business, sustainability goals, eco-efficiency and green washing.
