### **OKTATÁS CÉLJA / AIM OF THE COURSE**

Course description:

This course introduces students to fundamentals of international and intercultural marketing and its implications. It helps students to better understand the intercultural and international approach by comparing national marketing systems and local commercial practice in various countries.

Aims, objectives of the course:

After the course students will be able to take part in the decision making process of an international corporate marketing strategy and express their opinion about the issues and challenges inherent in cultural differences. The main goal of the course is to make them understand the role of cultural and national differences in communication and marketing strategies.

---
