Tárgy féléves óraszám /

Teaching hours(sem.): 0/0/0

OKTATÁS CÉLJA / AIM OF THE COURSE

The goal of the course is to review the theoretical and analytical background of international economics. The course provides an analysis of the economic relationships between countries, focusing on both trade and monetary issues. A further aim is to highlight the relevant challenges and debates. During the course the students will be capable to understand, analyse and relate to current global economic developments.
