

Tárgytematika / Course Description**Territorial policy****KGNM_RKTA017****Tárgyfelelős neve /****Teacher's name:** Hajdu-Smahó Melinda**Félév / Semester:** 2021/22/1**Beszámolási forma /****Assesment:** Vizsga**Tárgy heti óraszám /****Teaching hours(week):** 2/0/0**Tárgy féléves óraszám /****Teaching hours(sem.):** 0/0/0**OKTATÁS CÉLJA / AIM OF THE COURSE****Learning objectives**

At the end of the course, students should be able to recognise, explain and evaluate the basic concepts of territorial policy, as well as the most important factors influencing economic, social and environmental processes at territorial and settlement level, i.e. actors of spatial and settlement development, institutional frameworks, development policies and financial assets. They will be able to explain and compare the characteristics of territorial policies applied in different time periods. Students should be able to outline the evolution, working, and implementation of the European Union cohesion policy as well.
