OKTATÁS CÉLJA / AIM OF THE COURSE

Interdisciplinary Elective Course and Short Study Programme

**„Digital Services Regulation and Sustainable Democracy”
20-24 February 2023**

Supervisor: Prof. Peter Smuk

Aim of the course: People of Europe face numerous local and global challenges, tightly connected with the everchanging relationship of society and technological development. In another context, this relation defines the framework for democratic functioning and affects the quality of democracy. The Winter Seminar 2023 aims to discuss the new frontiers undertaken by the novel Digital Services Act of the European Union, in particular the digital services in 21st century, social media issues (fundamental rights concerns and fake news), disinformation, information society and online gatekeepers, law of big tech companies, data protection, big data, copyrights, cybercrime, cybersecurity, e-democracy, e-governance.

- The interdisciplinary intensive seminar offers a workshop and a forum for students.
- The language of the Seminar is English.
