

## MY EXPERIENCE

*"The European Graduate Program is the perfect platform for young graduates to launch their careers. One gets enough recognition for one's work and from my experience, sky is the limit at Federal-Mogul. Most of the Federal-Mogul businesses are market leaders in those technologies. As a graduate, fresh from school, I couldn't have asked for a better place to start and build my career!"*

*Shweta Pandey, Application Engineering Trainee – Hot Gaskets, Burscheid*
